- ◆ Electric Brakes
- ◆ Storage Box for Aircraft Maintenance Hand Tools
- ◆ Battery Charger
- ◆ Flood Light Set
- ◆ Lunette Hitch
- ◆ Spare Tire Mounting Bracket & Tire/Wheel Assembly

Our Universal GSE Trailer's versatile design allows transport of powered and non-powered ground support equipment quickly and safely to any work site. Whether it's at the airport or through city streets and highways up to 55 MPH to neighboring airports, we make a Universal GSE Trailer that will meet your requirements. Transport aircraft recovery equipment such as Rhino Axle Jacks, Wheel & Brake Dollies, Nitrogen Servicing Units, Tires and Hand Tools to the recovery site on the ramp or runway; or transport disabled vehicles such as Forklifts, Gas or Electric Carts, Baggage Carts, Scissor and Personnel Lifts to work sites or repair shops. The Universal GSE Trailer can be used to transport Aircraft Landing Gear Assemblies, Platforms, Scaffolding and Rigging to various locations without the use of special equipment. Its usages are endless, valuable and economical. Trailer operations are accomplished by one person, either manually or by the use of a mechanical or electrical winch. Also, Flood Lighting Systems are available for those unexpected late night emergencies.
